

## **NEW PUBLICATION:**

### **SEQUEL TO Gerard VAN LOON's MEDALLIC HISTORY OF THE LOW COUNTRIES (1716-1806)**

*English translation directed by John Saunders and Hugo Vanhoudt*

Dear Numismatist, dear Dealer, dear Collector,

The set of two volumes of our new publication **SEQUEL TO Gerard VAN LOON'S MEDALLIC HISTORY OF THE LOW COUNTRIES** completes the previous set of 4 volumes (1555-1716) on the history of the Low Countries, documented by medals, jetons and coins. As our previous publication is basically sold out, we would like to offer this 2-volume set to all the owners of the first set, so that they will be able to acquire this additional set which will be printed soon.

Today, we present you the English translation of the original Dutch version in 10 parts with full respect to all original drawings as they are each a piece of art. In addition, we have added separately full color plates with medals, jetons and coins as they actually appear. The 10 parts will be published in a set of 2 volumes.

In an effort to make these books available to the largest audience possible, we have deliberately priced them well below other comparable publications in the field. **The price for this total set of 2 volumes (nearly 800 pages and full color plates) is only 100 euro, exclusive cost of packaging and shipment.**
